

CUSTOM ORDER SPECIFICATIONS

1. Place your order at YakStub.com, using the "Custom Stub" category. This allows us to receive your order and payment. Ignore the "personalize" text fields because your information will be included on the design you send us. We will print your design "as is," and cannot be responsible for any errors on your part, including errors in typographical accuracy or file preparation.
2. Create your Stub design for front and back. Your documents *must* have the following specifications:
 - Size: (horizontal) 3.75 inches x 2.25 inches (vertical) 2.25 inches x 3.75 inches
 - Resolution: 300 ppi
 - Color Mode: CMYK
 - File Format: JPEG (highest quality)
 - File Names: YakOrder[#]Front.jpg (Please replace the [#] in your file names with the order number you receive via email when you place your order on our website.)
YakOrder[#]Back.jpg
3. Remember: Document size includes a bleed. Trim size will be 3.5" x 2". Follow template below. Create separate documents for the front and the back of the stub.
4. E-mail the finished files to: Contact@YakStub.com
(Just mention that the attachments are for a custom order and include your order number in the subject line.)
5. We will not fulfill your order until we receive your online order, your online payment, and your digital files as specified above.
6. If you cannot create files according to the above specifications, you do not qualify for custom orders at YakStub.com. Please do not contact us to create the design for you. In this case, we recommend you use the services of a professional graphic designer for custom designs.

FINISHED TRIM SIZE: 3.5" x 2" • SIZE W/ BLEED: 3.75" x 2.25"

**FINISHED TRIM SIZE: 2" x 3.5"
SIZE W/ BLEED: 2.25" x 3.75"**
